D7.2 Plans for Dissemination,
Communication and
Standardisation

v1 June 2019

Dissemination activities

- Website/D7.1: CTTC is responsible
 - Publications and deliverables shall be uploaded in the website (including pre-prints when possible)
- Publication venues to be organized by TCD in sharepoint, others also collaborate
- Special sessions and workshops to be organized in top conferences and journals

Communication

- The project coordinator (LUT) will also coordinate the communications activities
 - Official communication involving SEAT involves a request to SEAT communication person (maria-jose.aguilar@seat.es)
- Website is the key communication channel to linked

Standardization

- SEAT will coordinate the activities within relevant forums
